SUPPLEMENT 8
TO THE
ANNUAL REPORT 1982/83
DENTAL EDUCATION

INTRODUCTION

The government of a state that does not possess a dental school, or a sufficiently large one, may enter into a compact agreement with a dental school, and through this compact a specified number of students from that state will be educated at the dental school in consideration for an agreed remuneration.

States which are members of higher education interstate compacts may contract with a compact agency for the reservation of entering spaces in dental schools. A fee for each student admitted is paid by the state to the compact agency and later transmitted to the dental school. There are two such organizations at present: the Western Interstate Commission for Higher Education (WICHE) and the Southern Regional Education Board (SREB).

The states participating in the WICHE exchange in dentistry are: Alaska, Arizona, Hawaii, Idaho, Montana, Nevada, New Mexico, Utah, and Wyoming. Under the WICHE Student Exchange Program, the annual support fee rate per academic year is \$10,500 in 1982-83. For accelerated, year-round programs, the annual payment is four-thirds of the academic year rate. The seven participating schools are all entirely WICHE exchanges. Those schools are: Loma Linda, UCLA, Univ. of California, S.F., Univ. of the Pacific, Univ. of Southern California, Oregon Health Sciences University, and Univ. of Washington. Students pay resident tuition in public institutions and one-third of regular tuition in private institutions.

In the SREB Program, students who are residents of Alabama, Arkansas, Florida, Louisiana, Maryland, Mississippi, North Carolina, Tennessee, and Virginia and who are admitted to regional dental schools under the agreed entering state quotas pay their own tuition, but at in-state rates, or, in private schools, receive a reduction in tuition. The 1982-83 fee paid to the dental school for each student accepted under this agreement is \$5,000 per year.

Table 1 describes the distribution of students and fees by states which have entered into compact agreements while Table 2 describes the same data by school.

Appendix A lists the distribution and supporting fees by state and school for those states and schools which belong to the WICHE program. Appendix B lists the states and schools participating in the SREB program.
